## WASH

Wash your hands with liquid soap when you **come to work** and **before cooking**. In addition, hand washing should be performed whenever hands are **visibly dirty** and **after using toilet**. Dry the washed hands thoroughly with a disposable paper towel, close the faucet with paper.

Avoid extra contact with the nose and face. In addition, always wash your hands after **blowing your nose, coughing, or sneezing**. When coughing, remember to cough on the sleeve and use only disposable tissues.

### Erisan Soap

Unscented liquid soap

6 x 500 ml, product code: 63002  
GTIN: 6438160630029

## CARE

# 3

Regular moisturizing of the skin keeps the skin elastic and the lipid layer of the skin protective. **After washing your hands, hands should be moisturized**, especially if hands need to be washed frequently or if your skin is already dry.

**Erisan Hydra Cream**  
Unscented moisturising cream

10 x 150 ml, product code: 8310, GTIN: 6417964083101  
6 x 500 ml, product code: 8311, GTIN: 6417964083118

Apply the moisturiser to the hands and massage thoroughly until the moisturiser is fully absorbed.

# WASH & DISINFECT

## your hands right

1

Spread the washing liquid onto wet hands/  
Spread 3-5 ml hand rinse onto dry hands  
Rub fingertips against the palm of the other hand.

2

Rub palms against each other.

3

Massage between the fingers.

4

Massage fingers also on the back of each hand.

5

Rub both thumbs separately.

6

Rub fingers hooked against each other.

Wash hands carefully under the running water, rinse hands and dry with a paper towel. Using paper, turn the water off.

Rub the hand rinse carefully onto hands until they are dry.
